

***The voice of the
European
colourant industry***

Status October 2025

Who we are

Eurocolour e. V. is the umbrella association for the manufacturer of pigments, dyes, fillers, frits, ceramic and glass colours and ceramic glazes in Europe.

Co-existence of company members and association members (national and global associations) ensures highest level of competence and know-how.

Eurocolour e. V.

- Experienced since 2002 as former sector group of CEFIC
- Newly founded in 2019 with own legal entity, registered in the register of associations at Frankfurt Main District Court, Germany.
- Eurocolour represents the interests of industry and serves as a platform for cooperation, information and opinion formation.
- Webpage: eurocolour.org
- Register No. of the EU Transparency register: 90219 263 4607-21

Stakeholder registration

Registered EU institutions	Advantages
European Chemicals Agency ECHA	• Nomination of experts in ECHA expert groups • Invitation to workshops, etc.
European Food Safety Authority EFSA	• Specific bodies to promote engagement (Stakeholder Forum, Stakeholder Bureau) • Registered stakeholders have access to digital tools supporting engagement, e.g. – Stakeholder community platform – Teams workspace – Discussion groups – Specific newsletter
